

Molly told her teacher that when she grows up,  
she wants to be ....

- A doctor

- A journalist

OR

- A prostituted woman penetrated by strange men  
and forced to perform humiliating sex acts.

**THINK AGAIN!** Women don't choose a "career" in prostitution the way someone chooses a career as a doctor, journalist, or teacher. Women deserve real economic options and rights; not to be sexually used and abused by men and for that to be deemed an acceptable form of "work."

**WOMEN DESERVE BETTER. DEMAND REAL LIBERATION FOR WOMEN.**
